

Teya Technologies LLC

An Alaska Native 8(a) Company

About Us

Teya Technologies LLC is an Alaska Native owned company founded in 2005 to deliver high quality services to government. We are building a company that will be responsive to our customers and will focus on delivering measurable results. Our people and our partners can deliver services in each of the following areas:

- Information Technology and Communications
- Telecommunications—VOIP, unified messaging, wireless and wired systems
- Construction Management and Planning
- Airfield planners and GIS mapping
- Tactical Gear Supplier
- Resource planning
- Executive and administrative support
- Financial planning and budgeting support
- Program portfolio management
- Project Management
- Construction

Our management team has spent years helping government organizations meet their strategic and tactical needs. We believe that the successes and lessons learned over those years will help us achieve a standard of delivery unmatched in the industry.
