# G. BAILEY COMPANY, INC.

**Owner:** National Institutes of Health  
**Project Title:** Building 31 - 4<sup>th</sup> & 5<sup>th</sup> Floor  
**Office & Restroom Renovations**  
**Contact Person:** Mr. Jim O'Neil  
**Telephone:** 301-496-2705

Demolition of the total 4th and 5th floors of Building 31 included demolition of walls, ceilings, lighting, electrical power, mechanical and utilities. Installation of new walls, ceilings, wall coverings, sound soak, chair rails, custom millwork, new power and new lighting. Asbestos abatement was performed in the ceilings and mechanical insulation. As a result of our performance, this project's contract was modified for additional work, including ADA and standard restroom renovations, duct cleaning for the entire building and designing a video teleconference system for the executive conference room.

**Value: \$2,180,212.00**
