Amendment 0004                      21039

198. Section 8 (Quality Assurance) – is the detailed plan for each ITL Service Delivery and Support area to be delivered with the proposal and, if so, is it page counted?

REVISED RESPONSE: This will be delivered 30 days after award.

212. The PWS states, “The Contractor shall provide a Quality Control Plan describing how the contractor will implement its quality policy. This shall address the Performance Requirements Summary (PRS) (Attachment A) and include the responsibilities, procedures, processes, and resources needed to implement quality management. The plan should also describe quality audits or reviews of other quality management activities.”

There does not appear to be a corresponding section or Evaluation Factor in the FAS-IT RFP document to indicate where we should provide this information. Will be Government specify where the offeror should address this subject? Due to the extent of the information being requested, will the Government permit the offeror to provide this information as an Attachment that does not count against the page limit?

REVISED RESPONSE. This will be delivered 30 days after award.

218. Is there a minimum margin requirement for the pages?

REVISED RESPONSE. The minimum margin is 1 inch from the top and bottom and 1 inch from the left and right sides of the page.

221. Is Defense Base Act or other Insurance required for OCONUS Support and travel? If so, is this included in the travel amount or as a separate ODC?

Government Response. Yes, the Defense Base Act or other insurance may be required for OCONUS Support travel and will be included in the travel amount.
